# HUGHES WILL NOT CONCEDE DEFEAT IN THE ELECTION

Republican Nominee is Waiting Until Official Count is Received From the Close States Before Entirely Giving up Hope That he has Been Elected.

CHAIRMAN WILLCOX, TOO, EXPRESSES HOPE THAT OFFICIAL COUNT MAY CHANGE TOTAL

As More Detailed Reports of the Result of Tuesday's Balloting are Received the Talk of Contesting in Close States is Abating.

New York, November 11.—(Associated Press)—Charles E. Hughes this morning had not yet conceded the re-election of President Wilson, and indications were that he would not do so until the vote of close states had been officially counted.

Chairman William R. Willcox of the Republican National Committee also refused to concede the President's re-election.

Overnight returns failed to make any considerable change in the states which have remained doubtful so long, and it was still generally conceded that President Wilson had been re-elected.

Republican leaders this morning had made no announcement that they would demand a recount in the close states.

Figures compiled by the Associated Press from incomplete returns show that President Wilson received 403,312 more popular votes than Mr. Hughes.

The estimated total Ohio vote was 578,000 for Wilson and 496,720 for Hughes, an estimated Wilson plurality of 81,280.

Democratic leaders in California today failed to give much encouragement to the claims of the Republican State Central Committee that California would have a split electoral vote. Eighteen precincts were still out, with no considerable change in yesterday's figures.

President Wilson was still leading Hughes in New Mexico by 2,184 votes, with 29 precincts missing.

Late returns in Montana assured the election to Congress of Miss Jeanette Rankin, Republican, who will be the first congresswoman.

With 38 precincts still missing, Hughes' plurality in Minnesota remained at 543 today.

In New Hampshire the official count is still in progress, with the result undetermined.

## WILCOX WAITS OFFICIAL COUNT

Wilson's Plurality Exceeds 400,000 in Popular Vote.

By Associated Press Dispatch.

New York, November 11.—Republican National Chairman Willcox is still awaiting the official count in close states before conceding the defeat of Charles E. Hughes.

President Wilson is in Williamstown, Mass., today. He was reported to be chiefly concerned over the

Soldiers who returned to New York city too late to register were

given permission to vote, nevertheless. They had to appear in their

armories in uniform and be identified by their officers. The photograph above shows a member of the First New York field artillery casting his ballot. The fact that Mr. Hughes, who voted in a small laundry at 716 Eighth avenue, New York, cast ballot No. 13, was remarked upon by many. President Wilson motored to his polling place at Princeton, N. J., from the summer White House, Shadow Lawn. He cast ballot No. 50 at a fire engine house.

## MINERS PETITION PRESIDENT

50,000 Wage Earners in the Mining Industry Forward Copy of Resolution to President and Governor Willis.

High Cost of Living Is the Burden the Workers Want Lifted.

By Associated Press Dispatch.

Columbus, O., November 11.—The executive board of the United Mine Workers of Ohio, representing 50,000 wage earners in the mining industry, today addressed to President Wilson and Governor Willis of Ohio, a copy of a resolution adopted by miners' officials demanding that the various branches of the state and federal governments conduct an investigation of the high cost of living.

The miners' officials declare that the earnings of the wage earners are

not sufficient to purchase necessities of life for even a small family.

"We believe," say the miners in the resolution, "that the high cost of living is occasioned by unfair and illegal speculation in foodstuffs and other necessary commodities, thereby causing actual hunger and distress in families where the breadwinner is steadily employed."

"They ask that the Government take such steps after investigation 'as will reduce the cost of commodities and place the necessities of life within the financial reach of the wage earner.'"

The resolution is signed by the officers of the mine workers' association and the executive board of the organization.

Mine workers are hard hit by the high cost of living, their officials declare, because the mines are not working more than half time due to the coal car shortage.

## MEN RETAKE SAN ROSALIA

Parral Also Again in Control of De facto Government.

By Associated Press Dispatch.

Eagle, Pass, Texas, November 11.—De facto government troops under General Murgía have re-captured Parral and Santa Rosalia, according to a report received here today.

This report said a message signed "Murgía" stated these towns were re-captured. The message was received last night.

## MACKENSEN RETREATING IN DOBRUDJA

Bucharest Announcing That Immense Conflagrations Behind the Retreating Germans Show Evacuation is Imminent.

British Penetrate the German Lines On Somme Front.

Unofficial advices from Bucharest today report von Mackensen's retreat in Dobrudja toward the Tchernavoda-Constanza railroad line continuing, with fires observed in the direction of these two termini of the road in Dobrudja, this being held to indicate the possibility that the evacuation is imminent.

Fighting on the Somme front, in northern France, with the return of more favorable weather conditions has apparently been resumed on an increasingly important scale.

London announces the storming last night by British troops of the eastern portion of the Regina trench, on the

northern portion of the front, along a line more than half a mile in length.

The French have been active south of the river, where Berlin's semi-official report admits they scored successes which are characterized, however, as insignificant.

In this same region, northeast of Chaumes Paris reports an attack by the Germans last night in the Deniecourt section, which is declared to have been repulsed by the French with heavy German losses.

Berlin, in today's official account of a German advance trench northeast of Courcellette, but declares the French were repulsed in attacks on a wide front near Sally-Satilliel.

Further progress of the Germans in attack on the Russians of Lemberg are announced by Berlin, which chronicles the penetration of the Russian main position southeast of Poly-Krasnolesia.

## NOW PROBABLE REPUBLICANS TO CONTROL HOUSE

Situation Complicated by Reclassification of California Districts Made Necessary by the Count.

By Associated Press Dispatch.

New York, November 11.—The probable complexion of the 65th Congress was further complicated today by late returns from one close district and a reclassification of three members of the California delegation.

As a result of the changes, the Republicans, from present indications, have a small plurality in the House, latest figures giving them 216 members, the Democrats 213, and other parties 6.

Government officials say a legislative program for the next Congress is unthought of at this time and there is every indication that there will be no special session after March 4.

If election returns show the House is Republican, it is expected the Democrats will put through all possible legislation on the presidential program at the session which begins next month, while still in control of the Senate and House.

## CLEARING HOUSE RESERVE DECREASE

Falling Off of \$25,000,000 From Last Week.

By Associated Press Dispatch.

New York, November 11.—The statement of the actual condition of clearing house banks and trust companies for the week show that they hold \$98,868,250 reserve in excess of legal requirement. This is a decrease of \$25,238,799 from last week.

Russian Forces Evidently Striving to Obtain Possession of Railroad Are Held in Check By Germans.

Bulgarian Artillery Holds Entente Forces in Check, Sofia Reports.

(Associated Press Cable.)

London, November 11.—The issues in the Roumanian province of Dobrudja, where Russo-Roumanian forces are apparently attempting to regain possession of the Constanza-Tchernavoda railroad line, seems again to hang in the balance.

Russo-Roumanian troops are advancing from the north upon Field Marshal von Mackensen's left flank, and other Entente forces are close to Tchernavoda along the route of the 12 mile long bridge and viaduct which spans the Danube and carries the railroad across the extensive marsh lands west of the main stream.

Sofia reported under Friday's date that Bulgarian artillery compelled Entente troops which had advanced to the west bank of the Danube to retire near the Dunareav.

Petrograd, on the other hand, yesterday announced the occupation of this town by the Russians.

## RECORD VOTE FOR PRESIDENT

Wilson Received Million Votes More Than Were Cast for Both Taft and Roosevelt.

By Associated Press Dispatch.

Washington, November 11.—Secretary Tumulty today sent the following telegram to President Wilson at Williamstown, Mass.:

"More complete returns show that you have received the largest vote ever cast for a candidate for the presidency.

"You have received nearly a million more votes than were cast for both Taft and Roosevelt in 1912.

"Your gain over 1912 is three times as much as was ever gained by a president running for re-election."

## SIXTH VICTORY THIS SEASON IS WON YESTERDAY

**Strong Chillicothe Team Defeated By Fast Work of Washington High—One Washington Man Is Painfully Hurt—Total of 139 Points Against 33 Won By Local Boys This Fall.**

For the sixth time this season, Washington has been victorious in gridiron contests. The game Friday was second to none except the game of last week with Circleville. The game was full of scrap from beginning to end and was not on ice until the whistle blew.

A light wind was blowing towards the east goal and fortunately Washington won the toss. Capt. McDonald choosing the east goal. Willis kicked and by large gains through Chillicothe line Washington worked the ball to the five yard line. However scoring was prevented by fumbling. On three occasions, in the first half was Washington within striking distance of goal but failed to put the ball across. Fumbling by both teams was in evidence and for this reason the score was smaller than it should have been. Neither team scored in the first half.

Scoring began in the third quarter. Chillicothe was unable to advance the ball successfully through Washington's line and resorted to the forward pass. Capt. Wisler was called back of the line with the ball on the ten yard line and after several attempts passed successfully to R. H. Overly who carried the ball over for the first and final score. Chillicothe made during the game. Chillicothe failed to kick goal. The quarter ended without further scoring. Then began Washington's big rally. McDonald went to quarter and using straight line bucks exclusively the ball was worked down to Chillicothe's ten yard line. However after four attempts to put the ball across the ball went to Chillicothe on downs. Chillicothe was forced to kick. Willis blocked the kick beautifully and Capt. Wisler was forced to fall on the ball back of the goal line for a safety which counted two points for Washington. On the next kickoff Washington received, Burnett carrying the ball thirty yards through the Chillicothe team. There were only three minutes to play and Washington opened up and used forward passes. Two of these were unsuccessful, but on the third attempt McFadden made a beautiful pass to Capt. McDonald who carried the ball over for the winning score. Willis kicked goal, making the score 9 to 6 in favor of the local team. Washington kicked off, R. Willis kicking the ball directly between the goal posts. In a minute and a half the game was over the ball being on Chillicothe's forty-yard line in the possession of the Washington team.

W. Willis played his first full game as quarterback and showed up very good. He was especially good on end runs and used his head on all plays. To Capt. McDonald goes the credit for victory but every man on the team was an important factor. McFadden's passing and linebacks were as usual very good. Strevey was especially good on linebacks. Edwards at left end played a very gritty game. In the latter part of the second quarter sustained three broken ribs. The injury was extremely painful but he refused to be taken out of the game but between halves he was removed to his home where he received medical attention. Friday evening he was reported to be resting fairly easy. Lewis played a very hard game and got several nice passes. Burnett was substituted for Edwards at right end and played a good game.

Overly was the star for Chillicothe, he making the only score for his team. Capt. Wisler also played a very good game at right tackle. Washington has scored a total of 139 points against opponents 33. Three more games are on the schedule; Xenia at Xenia next Saturday.

Hillsboro at Washington on the 25th and Lancaster here Thanksgiving.

The lineups:—Chillicothe, — Buskirk, le; Jardine, lt; Harker, lg; Hale, c; Hopkins, rg; Wisler, Capt. rt; R. Wilson, re; Bazler, qb; Silbaugh, lb; Overly, rh; Curry, fh.

Washington—Lewis, le; Hoppess, lt; Wetzel, lg; Weaver, c; Haynes, rg; Willis R. rt; Edwards re; W. Willis, qb; McDonald, Capt. lb; Strevey, rh; McDonald, fh.

Substitutes: Washington: Burnett for Haynes; Burnett for Edwards; McDonald for W. Willis; W. Willis for McDonald; Reno for Haines; Haynes for Burnett. Chillicothe W. Wilson for Buskirk.

Scoring: touchdowns, Overly 1. McDonald, goals, Willis 1.

## BOYS ENJOY CAMP BUT NOT THE HIKE

Some 9 boys, under the direction of three or four grown-ups motored to the Worthington farm, Friday afternoon and camped out over night, sleeping in blankets about a campfire, cooking their own supper and breakfast and enjoying the affair very much.

Saturday morning part of the lads who could not be hauled in one machine, were compelled to hike part of the way home, and this was not enjoyed so much, particularly when an automobile sent out after them passed them while they were enjoying a "lift" on a farm wagon.

## BIG LADDER USED IN FRIDAY'S FIRE

For the first time in two or three years the longest ladder of the Washington fire department was brought into play Friday afternoon during the fire at the residence of Roy Young on Hinde street.

It was necessary to make a run with the horse-drawn hook and ladder wagon when the ladder carried by the motor truck proved too short. The fire started in some papers on the back porch of the residence, and considerable damage resulted before the flames were extinguished.

## CASES POSTPONED UNTIL DECEMBER 4

The liquor cases of Shimp, Elder and Jackson, brought by John Peniston, State Liquor License Inspector, have been postponed from Nov. 13th to Dec. 4th.

The postponement was at the request of attorneys for both the state and the defendants, owing to cases coming up in common pleas court at that time.

## FIFTEEN MEMBERS ADDED BY JUNIORS

In Friday's contest for new members the Juniors of the Y. M. C. A. obtained 15 new members, and were still hard at work Saturday so that when the final report is made many others will be included with the 15.

The boys have been working with a will, and making their efforts count.

## SKUNK FARMER IS DEALT BLOW WHEN WARDEN APPEARS

**Frank Frazier, Near Greenfield, Loses 35 Skunks, Which He Had Penned Up, and \$25.00 Worth of Green Pelts—Must Appear for Trial and Fine.**

Frank Frazier, 24 residing a short distance from Greenfield, has about decided that skunk farming as he has been conducting it does not pay, and his dreams of prosperity were shattered a day or two ago when a Deputy Game Warden from Columbus, accompanied by an officer from Greenfield, went to the "farm" and there released 35 skunks which Frazier seems to have had imprisoned in a corn crib, and confiscated \$25 worth of green pelts of the same kind of animals which the young man had about the premises.

In addition to this the men cited Frazier to appear before a justice of the peace at Hillsboro where he must answer to a charge of killing skunks out of season and of having skunks in his possessions contrary to law.

The skunk season opens November 15th and it was the intention of young Frazier, it seems to wait until that time before killing the animals for their fine fur, but the wind was blowing in the wrong direction and neighbors learned of the private enterprise launched by Frazier, and raised complaint which resulted in a visit of the officers and release of the skunks.

Last week another man of near Greenfield was fined for having green skunk pelts in his possession, and it is believed that the man tipped off the Frazier enterprise.

## SISTER ATTACKS THE BONHAM WILL

Cincinnati, O., November 11.—Suit to contest the will of the late attorney, Scott Bonham, was filed in Common Pleas Court yesterday by his sister, Mrs. Kate Kirkpatrick, through Attorneys Bickley & Bickley, Hamilton, Ohio. The petition merely alleges that the will is not her brother's last will and testament.

Scott Bonham died November 1, 1915. He drew his own will November 22, 1914. By it he gave his sister, Mrs. Kate Kirkpatrick \$500 and certain jewelry, and \$300 to each of her three children. He then left \$100 to the Presbyterian Church, together with certain books, pictures and \$100 were left to the Masonic Library Association; \$100 to Freda H. Mort, a little girl he met while crossing the Atlantic; and who now lives in Switzerland; his aunt, Emily M. Bonham Good Hope, Ohio, and his uncle, Isaac N. Bonham, \$50 each.

His law library he gave to his cousin Attorney Frank L. Bonham, together with his law practice, subject, however, to Frank Bonham paying Mrs. Kirkpatrick 25 per cent of the gross income for five years and then 10 percent for another five years. The residue of his estate he gave to Frank S. Bonham, as trustee, he to pay the income to Mrs. Kirkpatrick for life, and at her death the principal to be divided equally among her three children.

## B. & O. BURKE CASE ARGUED YESTERDAY

Local attorneys interested in the case of the B. & O. Railroad Company against P. J. Burke et al. were in Springfield, where the case was argued before the Court of Appeals yesterday.

The court took the case under advisement and will render a decision in the near future.

A short time ago the Ross County common pleas court affirmed the decision of the Cayote county Probate Court, which had fixed the amount of compensation. The defendant then carried the case to the court of appeals.

# KIMBALL PIANO FREE!

It costs nothing to enter this fair and square advertising contest inaugurated by Kane Music Co., Washington C.H. for the purpose of giving further publicity to the celebrated Kimball Pianos and Players for which they are sole representatives.

## A Co-Operative Plan for Piano Buyers.

Simple Rules Govern This Contest of Skill

Full Particulars Are Given Below:

### PREFACE.

This wonderful offer presents a strictly distinctive, dignified and high grade publicity contest conducted by Kane Music Co., Authorized Factory Distributors for W. W. Kimball Co. Established 1857. Capital \$6,500,000.

### CO-OPERATE WITH THE SELLER.

We make this generous distribution of prizes this year for three reasons. First—To advertise our name. Second—To advertise the Kimball Piano. Third—To make it possible for a large number of families who are in need of pianos to secure a strictly high grade piano like the Kimball at a great saving.

### JUDGES OF CONTEST.

In this contest the matter of making awards is in the hands of disinterested parties who will be fully capable of judging returns from contestants and will be found upon investigation to be men of reliability, holding positions with outside and well known enterprises.

### \$1,000 IN GOLD COIN.

We will give any person either in or outside the piano trade \$1,000 in gold who can prove the prices on the pianos we give away or the prices plainly marked on new Kimball pianos in our warehouses are not exactly the same as the official prices of W. W. Kimball Co., as priced and sold by them in their own Chicago factory salesrooms.

## How to Win One of These Valuable Prizes:

The awards will be given the persons who are able to write the four words, Kane Sells Kimball Pianos the greatest number of times (upon one side only), on any piece of plain paper, exactly three by five inches in dimensions. Short hand or abbreviated spelling will not be accepted. Each contestant must write their name and address plainly on the back of the paper they submit and state the number of times they have written the four words, Kane Sells Kimball Pianos, also stating if they have an organ, square piano, upright piano or player piano.

Mail or bring your answers to our store, 135 N. Main St., so as to reach our office not later than 6 p. m., Saturday, Nov. 25, 1916.

Mark Envelope in which you submit your answers, "Advertising Dept." Only one member of a family allowed to contest and only one answer accepted from the same contestant. No one in our employ or connected with the Piano trade in any way permitted to enter this contest.

## Genuine Kimball Piano Given Away

The person writing "Kane Sells Kimball Pianos" the greatest number of times according to the rules of the contest will be awarded by the Judges a \$325.00 Kimball Piano.

The person sending the next largest list will be awarded a \$100 Purchase Check. For the next 50 largest lists, Purchasing Checks for \$75.00 each will be awarded. For the next 100 largest lists, Purchasing Checks for \$50.00 each will be awarded. All other contestants sending in good lists will be awarded \$25.00 Purchase Checks.

In Event of a Tie—A prize identical in every respect to that tied for will be awarded by the Judges to each tying contestant.

## The True And Exact Value of The Purchase Checks

The prize purchase checks are positively good for whatever amount they call for as discount from the regular established factory retail price of W. W. Kimball Co., the makers of Kimball Pianos—on any new Kimball Piano or Kimball Player Piano, if purchased at the Washington warehouses of Kane Music Co., between November 25th and December 16th. One purchase check only accepted on the same instrument.

## Contest Closes 6:00 P. M., Saturday, Nov. 25, 1916

## DISTRICT CONFERENCE CHILICOTHE DISTRICT

The District Conference of the M. E. church, Chillicothe District, was held at Trinity church, Chillicothe, Thursday and Friday, and Rev. A. P. Cherrington, of this city, attended both sessions.

Friday noon the conference closed with an address by Bishop William F. Anderson.

"The University of Life is more important than the college university," said Bishop Anderson.

Another thing the speaker said was "It is only the prophet of God who has a remedy for the needs of the world."

At Friday morning's meeting ar-

range was made for pastors of the district to exchange pulpits at times during the next few weeks, when they will talk regarding superannuated pastors.

Rev. J. H. Miller and Rev. J. C. Arbuckle, both talked at this meeting most interestingly.

Rev. J. R. Fields of Adelphi, was elected secretary and treasurer of the organization Thursday.

In place of Bishop Anderson, who was scheduled to talk at Thursday night's meeting, Rev. C. B. Pyle gave a splendid address. Miss Grace E. K. Brown sang.

## Back to the Olden Times

One of the most dramatic incidents marking the close of the presidential election was the gathering in of the returns from the outlying precincts of California, New Mexico and Minnesota.

Usually the vote in these states or in the nation is not close enough to attach to the isolated precincts very much importance and consequently little or no provision has been made for "rushing" the news of the results to the final authorities.

In the election last Tuesday, however, conditions developed which made the vote in these scattered, remote and heretofore unimportant precincts of the utmost importance.

In order to know the choice of the nation it was necessary to know first how California, New Mexico and Minnesota had voted and, so close was the vote in those states that in order to learn how they would cast their electoral vote the report of the result in remote outlying precincts must be gathered in and totalled up.

There was nothing for it but to wait for the stage coach. Across the burning sands of arid New Mexico and from out the snow bound fastnesses of the mountains of California these faithful judges forwarded this report never dreaming that scores of millions of Americans waited anxiously.

The great, big, fast, progressive nation with its thousands of miles of railroad tracks and telephone and telegraph wires was helpless. It was one of those rare instances when nature asserted her dominion and defied man's hurry and bade him be patience.

## Col. Goethals' Assurance

General Goethals, the extraordinary executive and constructive engineer, the man who "put through" the practical work of construction—which after all was the big work of the great Panama Canal—in his annual report assures the public that the big slides of earth are to be stopped and stopped forever.

During the construction of the great ship canal and since its completion the greatest difficulties encountered have been the immense slides of earth from the sloping banks into the canal channel blocking it to traffic.

Theorists have been profuse in their pronouncement that the earth strata in the canal zone were so crossed and stood upon end that the difficulty could never be over come.

Colonel Goethals' assurances, however, that there is nothing in the theorists and the slide menace will shortly be done away with should carry confidence to timid folks.

Colonel Goethals built the great ship canal against the gloomy predictions of the theorists and it is safe to presume that having done the big work he will be able to put on the "finishing touches."

## Again Called to Service

The voters of Ohio have again called James M. Cox to public service as the Chief Executive of the commonwealth. It is a decided compliment to any man to be chosen to the high office of Governor of a great state like Ohio, it is more complimentary to be re-elected for a second term immediately following the conclusion of the first term; but the greatest tribute which can be paid to the ability of any man is for the citizens to again call him to the public service after having denied him a second term.

It is decidedly out of the ordinary for a public servant, once defeated, to "come back."

That is what Governor Cox has done. Four years ago he was elected governor by the people of Ohio. Two years ago after he had succeeded in having enacted into laws of the state every one of the constitutional amendments adopted by the people and which comprised the most colossal program of revolutionary legislative enactment ever recorded in a state of the union, Governor Cox was defeated for a second term.

The two years which have intervened since Governor Cox's defeat have, it is evident from Tuesday's election, served to convince the majority of Ohio voters of the wisdom of their own decree written by the result of the election on the constitutional amendments and the soundness of Governor Cox's insistence that the decree of the people must be obeyed.

The people of Ohio may look to the incoming state administration to uproot many evils that have sprung up buty the great bulk of the new legislative program having been finished during the first term of Governor Cox, it is not likely that such an array of new laws as marked Governor Cox's first administration will be enacted.

Free from the burden of forcing through new legislation the newly elected chief executive may be expected to give to the people of Ohio a vigorous administration rendering effective in fact all the new laws, according to the ideas of the people who ordered them enacted.

## Poetry For Today

THE LITTLE WORRY.  
I had a little worry,  
That followed me around,  
'Twas never in a hurry,  
And tracked me like a hound.  
I took it to my pastor,  
Who told me it was sent  
To save me from disaster  
By making me repent.  
The lawyer, doctor, plumber,  
The butcher-boy, the nurse,  
All passed it up, and glimmer  
I've never felt, nor worse.  
I took it to a grocer  
Who seemed to need a clerk;  
'I think," he said "I know, sir,  
Your trouble. Get to work."  
I did (the pay was rotten),  
But worry, left outside,  
Was plumb and clean forgotten—  
It bit itself, and died.

## FIRMER POLICY WILL BE ADOPTED

(By American Press)  
Washington, Nov. 11.—With the Mexican-American commission resuming its deliberations at Atlantic City there was a broad intimation in both state and war department circles that the American troops will not soon be withdrawn from Mexico.  
General Pershing's 12,000 American troops are strung through the very country which Villa's activities menace. Their withdrawal at this time, war department officials explain, would expose the American border to more attacks similar to the Columbus, N. M., massacre last March.

## L. & N. ATTACKS ADAMSON LAW

(By American Press)  
Louisville, Nov. 11.—The Louisville and Nashville railroad filed suit in federal court here to test the Adamson eight hour law. At Chicago Jacob M. Dickinson, receiver for the Chicago, Rock Island and Pacific railroad, petitioned the federal court for advice as to whether the Adamson law should be obeyed.

## NEW DANGER FOR STEAMERS

(By American Press)  
Memphis, Nov. 11.—Large big packets recently have been wrecked and many others have had miraculous escapes from destruction by running into snags in the Mississippi river. After more than two years, during which the river was always many feet above the low water mark the stream has fallen until submerged obstructions on the bottom of the river are becoming a menace. Government boats are making new surveys of the river.

## ENGLISH SHOPS CLOSE EARLY

(Associated Press Cable.)  
London, November 11.—The latest drastic act for government control of business in the interest of war efficiency is the law passed by parliament for early closing of shops. All shop keepers, great and small, must shut their places of business at eight o'clock, except on Saturday nights, when they may keep open until nine. The first proposal was for even earlier closing, but the bill was amended to grant an extra hour for five days of the week, by changing seven to eight.

The chief object aimed at is economy of heating and lighting, which of course means economy of coal. One of the great assets of Great Britain during the war is its revenue from the exportation of coal, and moreover its allies need all they can get. Like every other war measure, however, this act excites opposition and creates complications, although the people as a whole will accept it cheerfully as they have other inconveniences.

The small shop keepers who live at their place of business are the ones who find most objection. One ground of criticism is that the public houses are still to be opened until half past nine. "Why should men and women be allowed to gather in drinking places and buy beer, if they cannot loaf in a cigar store and buy cigars, and gossip with the clerk?" is one of the questions asked. Places where meals are served may remain open, but only for the purpose of giving meals. They cannot sell cigars, nor can they sell candy or food to be taken off the premises, since the shop keepers dealing in the same commodities are forbidden to sell. Nor can the night hawk who have carts in the streets for dispensing coffee and lunches to late workers, according to some constructions of the law, sell cakes to be taken away.

Some of the complications concern places of amusement. "The theaters and music halls must not sell cigars and confectionary after eight o'clock if we cannot," say the small shop keepers. "That would be class legislation, and unfair competition." Smokers who are up late, hereafter, must have tobacco in their pockets, or go without.

## WHY GOOD ROADS?

(By Associated Press Dispatch.)  
Washington, November 11.—Cost of hauling produce to and from the farms of the country is reduced as much as 25cents per ton-mile by good roads, according to calculations of experts of the Department of Agriculture.

## MARKETING 7,000 CAR LOADS OF MUSKMELONS

Washington, D. C., November 11.—Greater co-operation by growers is needed in the marketing of the 7,000 carloads of muskmelons shipped from western producing regions, according to market specialists of the United States Department of Agriculture.  
The earliest of the western muskmelon producing sections, the Imper-

lal Valley, California, produces the greatest number of cars, 4,722. Shipments begin late in May and extend past the middle of July. Practically the total output of melons is shipped through local commercial distributors, who receive a commission, and who help finance the growers by making cash advances on an acreage basis and supplying crate material on credit. Improvements in distribution contracts and the exercise of a greater degree of personal supervision by growers in picking, packing, and loading operations are recommended by the specialists.

## OHIO EXPERIMENT STATION IN LEAD

During the year ending June 30, 1915, the Ohio Experiment Station at Wooster published 19 bulletins and circulars aggregating 750 pages, according to the last annual report of the director, just issued as Bulletin 300 from the Station. This Station is the only one in the United States that publishes scientific works in technical bulletins and gives popular information to farmers and city dwellers in a monthly journal. The monthly bulletin was started in January, 1915.

Last year more than 80,000 persons in all counties of Ohio and in all states of the Union received the publications of the Ohio Station. Federal statistics for 1915 show this mailing list was the largest of all experiment stations.

## SYNOPSIS.

Pierpont Stafford, with his daughter Gloria, is wintering at Palm Beach. Gloria is a vivacious but wilful young lady who chafes under the restraining hand of a governess from whom she repeatedly escapes. Her childish capers cause young Doctor Royce to fall in love with her. Becoming lost in the everglades she falls into the hands of the Seminole Indians. Gloria falls in love with her rescuer, Freneau. Five years later she leaves school and meets Freneau at the theater; he has forgotten Gloria. Later Freneau persuades her to forgive him. Gloria's sister-in-law, Lela, becomes intensely jealous and Doctor Royce discovers in her an ally. Freneau takes leave of Gloria. She sees from her window an attack made upon him. Doctor Royce convinces her it is delirium. A telegram followed by a letter, comes from Freneau. She replies but her telegrams are returned. She accidentally sees the supposed suicide of Freneau reported in the paper. Gloria swears to find the murderer of her lover. Royce tells what he knows of Freneau to Mr. Stafford. They seek to prevent scandal from enveloping Gloria. She accuses them of conspiracy against her. Gloria sets about to run down Freneau's murderer. Royce warns Mulry to tell Gloria nothing. Gloria calls on Mulry and there sees Lela who is also worried. Gloria's suspicions are aroused. Royce endeavors to show her the difficulty she faces. Gloria goes to David's country home. She meets Mulry who flies at once. Gloria is alone on going to Palm Beach. Again she sees Mulry there. He leaves for the North. She is recognized by her one-time captor, the young Indian chief. He tells her that Royce and not Freneau was her rescuer at that time. Gloria attends night court; she sees Mulry there, also the tramp when he leaves the court and falls into the hands of hold-up men. She finds herself in a low saloon dance hall, and is selected by one of the patrons as his partner. Doctor Royce, however, follows her and when he attempts a rescue, calls down a riot on their heads. The hall is raided and the crowd, including Gloria and Royce, is arrested and taken before Judge Freeman. The newspapers feature Gloria's arrest. Reporters surround the house as she arrives with the old and Gloria promised to adopt. She orders Royce to take Cassimir's wife to the Stafford home. She follows Frank and lands on a houseboat to hear him accused of Freneau's murder.

Gloria thought of her father's yacht. She believed that it had been recently put into commission. If only she had it now! But it was looting at anchor in the river at her father's country home, the last she had heard of it.

To get a yacht! That was her small requirement now. She must get home to get it. She plunged along till she came to a lonely road. After a time a farmer appeared driving a wagonload of empty milk cans. Gloria envied him his throne on the high seat. He was the rich one now and she the pauper. He called out: "Have a lift, miss? How far ye goin'?"

"I'm going as far as you'll take me, please."

"Get in, then, miss, and we'll jog along."

The farmer was naturally anxious to know what errand his guest was on, but she did not exchange information for hospitality. She grew so impatient for faster progress that when the farmer came to his own lane and turned into it she was glad to get down and walk.

Gloria trudged till she was worn out. All the motors she saw seemed to be going the wrong way. When finally she heard one coming behind her she was so delighted that she turned and held out her hands. She wanted to embrace the driver for being so kind as to be going her way.

Anybody looks well coming to a rescue, but the young man driving the southbound automobile was too good looking for his own comfort or anyone else's. He accepted Gloria as a passenger with more enthusiasm than she relished. He jumped to the ground, lifted his hat, assisted Gloria into the front seat, and took his place beside her. He shot the car forward with a swagger and his compliments began to puff out of him. Gloria endured a number of his flatteries because she needed his motor, but she grew angrier, and when he began to call her "Cutie" she decided that his usefulness had ceased to exist. One of the twins simply had to get out and walk. Gloria was sure that it was not to be herself. She plotted carefully how to throw this new skipper overboard. The victim helped her to an idea by leaning close to her and murmuring: "Kind of cozy, Cutie, huh?"

"Very," said Gloria, foaming at his impudence.

"We make a great team, huh?" "Great," said Gloria.

"Atta girl," said the youth and slid his left arm around her.

Gloria laughed harshly and somehow managed to knock the hat off her wooer's head. The wind whipped it back and the driver shut off the engine and threw on his emergency brake.

"So sorry," said Gloria, smiling in the dark.

"At's all right, Cutie," said the young man. "Back in a minute."

He slid from his place and ran back along the road for his hat. Gloria had been studying his methods of running the car and comparing it with his own. As soon as the driver started back Gloria pressed the self-starter button and put the car into motion.

The man heard the engine sputter and he yelled, "Hey!" thinking the gasoline to blame. He was sure that he had forgotten to stop his engine and he was afraid that the car was running away with its pretty passenger. He ran after it, forgetting his hat in his alarm, lest Gloria be dashed to pieces on the side of the road. The clean way the car leaped across the hill and the hand Gloria waved in farewell reassured him as to her safety, but filled him with disgust and with fear that she were some new type of automobile thief.

BEAUTIFUL SERVICES PRECEDE BURIAL

Rev. William Boynton Gage was the officiating minister at services that were in the nature of a beautiful tribute to Mrs. Frank McCormick at the residence, Friday afternoon. The Royal Chapter No. 29, O. E. S. had the services in charge and there was a large representation of its members, sorrowing deeply over the loss of a beloved member.

With the order gathered relatives and friends, many driving over from New Holland, the earlier home of the deceased, and the house was filled to overflowing.

Rev. Gage spoke with deep feeling of the beautiful life of the quiet sleeper, who rested on her couch amidst a perfect wealth of flowers, and of the bravery with which she had borne her long months of pain, also referring to the devoted care given by Mr. McCormick.

There was no music, the hymns, "Abide With Me" and "Rock of Ages" read by the minister.

The impressive Eastern Star Ritual was conducted by Worthy Matron, Mrs. Martha Mark, Worthy Patron, Mrs. Wilbur Hay, and the assisting officers.

Among the many floral remembrances from relatives and friends was the floral emblem of this order a star in the O. E. S. colors.

A number drove with the family to the New Holland cemetery for the interment. At the cemetery waited many friends of that section.

The pall-bearers were nephews, Mr. John Hyer, of Columbus; Messrs Chan and Ed Hyer, New Holland, Mr. Roy Hyer, Austin, Messrs. Frank and George Bench, of Dayton.

OYSTER SUPPER BIG SUCCESS

The Men's Bible Class, christened the "Morris Sharp Memorial Class" achieved both social and financial success in the oyster supper at Wesley Chapel, Thursday night.

The affair was splendidly managed by the class President, Mr. Charles Kearney, and Teacher, Mr. Bennett King, with much appreciated assistance from Odd Fellows of the Degree Staff and men of Grace Sunday School.

The supper was excellent and the delicious hot soup called forth enthusiastic words of praise for Mr. R. J. McLean who has a great reputation as a soup maker.

The tables were very pretty with chrysanthemums and roses and the men, in their white aprons, most attentive waiters.

There was a big crowd and everybody stayed for the evening which proved one of the most enjoyable ever held in the Chapel.

Miss Mary Edge had in charge an entertaining little program, to which she contributed several beautiful piano solos, the Misses Norris also played and Miss Helen Lemons gave readings.

CONTRACT LET FOR DESTROYERS

Washington, Nov. 11.—First contracts for construction of naval vessels authorized in the new naval building program were awarded to the Bath (Me.) iron works by the navy department. That company will construct four of the twenty destroyers authorized at a cost of \$1,150,000 each. Other bids have not yet been acted upon.

MISSILE IS HURLED THROUGH WINDOW PRES. KURN'S CAR

As D. T. & I. passenger train was pulling into this city from the south Friday afternoon, four small boys alongside the track hurled corn and stones at the train and a stone smashed a window of the private coach of President J. M. Kurn, of the D. T. & I., showering bits of glass over the officials in the car and barely missing General Superintendent Fraser.

The matter was reported to the D. T. & I. police and "Nick" Fisher of the D. T. & I. force was dispatched to this city to make an investigation. He arrived Saturday morning with the only clue to guide him being the information that small boys had committed the crime, and one or two of them wore red sweaters.

In a very short time Fisher had located one of the boys, obtained the names of the others and after taking the youngster to his parents so that they might know of the mischief the boys had been in, escorted them before Juvenile Judge Allen.

The boys readily admitted their crime, stating that the only reason they did it was because they found some whiskey in a bottle and after partaking of it had become reckless and threw missiles at the train.

The boys, Floyd Myers, 14, Losson Parker, 13, Ernest Davidson, 13 and Roy Masters, 12, were soundly lectured and informed that should they ever appear in court again that they would be sent to the Boys' Reform school at Lancaster.

In Social Circles

Mrs. Welter Baughn, of the Prairie pike, most delightfully entertained the Kensington club of her neighborhood on Thursday afternoon.

Throughout the home beautiful chrysanthemums of varied hues were in effective decoration and the luncheon served was most appetizing.

Mrs. Noah Baughn and Mrs. Joseph Kimball were guests from town.

The evening Euchre club was indebted to Mr. and Mrs. Frank Rothrock for hospitable entertainment Friday evening.

In honor of her guest, Mrs. Lydia Jones, of St. Marys, O., Mrs. Noah Baughn gave an enjoyable little dinner at the Sunrise Cafeteria Friday evening. The additional guests were Mrs. Elton Thornton, Mrs. Katharine Porter, Mrs. Eldora Stinson.

Scarlet geraniums were used in decoration.

Of marked interest in this city as well as in the county was the marriage of Miss Evelyn Morris, daughter of Mr. and Mrs. David Morris, of southern Fayette, to Mr. Truman Huff, formerly of Leesburg, now a rising young business man of Detroit, Mich., which occurred at eight o'clock Saturday morning.

The bride has frequently visited relatives in this city, where she has been much admired. She is a talented girl and graduated this spring from the Leland Powers School of Oratory in Boston.

Mr. Huff also completed his university course at Harvard this spring, upon its close locating in Detroit, as secretary of a big milling company, of which his father and himself own the controlling interest.

The wedding was quite simple, but extremely pretty. It took place at the old country M. E. church at Memphis, the quaint little church lending itself effectively to the ceremony.

White ribbons, twined with sunflowers, formed an aisle from the door to the chancel, which was banked in palms, and ferns and a profusion of white and yellow chrysanthemums.

Preceding the ceremony there was a choice musical program, terminating after half an hour with the Lohengrin bridal chorus. The program included organ solos by Mrs. Davis, of Cincinnati, a cousin of the bride.

Songs, "I Love You," and "Because" by Mrs. Leota Haines, of Sabina, and "I Promise You," Mrs. Howard Pavey of Sabina.

Mrs. Will E. Martin of Dayton, a cousin of the bride, played the bridal chorus.

The double ring ceremony was used.

both the present, Rev. Zierer, and the former minister, Rev. Huntington, officiating.

The bride, who is a beautiful brunette, was a vision in her bridal attire. Her gown was of white georgette crepe, Empire style, with pearl band trimming; long sleeves. Her short veil was held in place with pearls, and she carried bride's roses.

The four ushers preceded the young couple down the aisle. They included the brother of the bride, Mr. Earl Morris, a cousin, Mr. Howard Chime.

The bride's going away gown was a tailored suit of dark p.-m. broadcloth, hat ensuite.

Mr. and Mrs. Huff left at once for their new home in Detroit, where the bridegroom's parents have furnished a home for their occupancy.

The bride's father is a well known farmer and stock man and the good wishes which follow the young couple are by no means confined to personal friends.

Among the guests from here were Dr. and Mrs. R. M. Hughey, Mrs. Eliza Bishop, Mrs. Charles Ford, cousins, Mr. and Mrs. Martin Hughey, Miss Cecile Reeder, Mr. and Mrs. Ray Wilson.

WELL KNOWN CHEF HERE ON BUSINESS

Tom Easton, one of the best known chefs in this part of the state, was in the city on business Saturday, returning to Sulphur Lick Hotel Saturday evening to resume his duties as head chef of that health resort.

Mr. Easton has been head chef at Sulphur Lick throughout the summer, and as the hotel remains open during the entire winter, he will probably continue his work at that place.

## ELECTION NOT CONCEDED

Chairman Willcox Issues Statement In Which He Declares That Unless Special Circumstances Arise, the Committee Will Accept the Official Count — McCormick Claims 288 Votes For Wilson.

New York, Nov. 11.—President Wilson's re-election has not been conceded by Charles E. Hughes and the Republican managers, and they will probably not do so until the vote of the pivotal states has been officially counted.

George W. Perkins conferred with the Republican candidate. He said that no definite decision had been reached by party managers in regard to demanding a recount in California, New Mexico and North Dakota. He intimated action probably would be deferred until the official count in those states was completed. In the hope that there might be an overturn of the comparatively slender Wilson pluralities.

Chairman Willcox, refusing to concede the election of President Wilson, said in a formal statement that the result still depends upon the vote of a few close states and that the returns thus far announced are in most states unofficial and may be changed by the official count.

"The result still depends upon the votes of a few close states," Mr. Willcox's statement read. "It must be borne in mind that the returns thus far announced are in most states unofficial and may be changed by the official count required by laws of those states. Where the vote is as close as that reported in several states it may well be that material changes will result from the official count. We owe it to the country to take all necessary steps to see that an exact and honest count of the vote is made. When the current seemed to be running against Mr. Wilson on Wednesday the Democratic managers announced their intention to demand a recount in every close state. All we desire is to make sure that the vote be counted as cast."

Mr. Willcox further said that unless special circumstances arose the national committee would abide by the decision of the official count. In case ballot box irregularities were brought to the committee's attention, appropriate action would of course be taken, he said.

Mr. Willcox's statement, it was learned, also was submitted to Mr. Hughes before it was given out.

The Democratic national committee apparently regards the campaign as closed, for the work of dismantling headquarters is well under way. Chairman Vance C. McCormick spent the night at a hotel in this city and probably will go to his home at Harrisburg. He reiterated his claim that the president would receive 288 electoral votes, declaring that Minnesota would go Democratic by a plurality of about 500. "The president is so completely re-elected that I do not expect the Republicans to ask for a recount," Mr. McCormick added.

## ALERT WATCHERS ARE ON THE JOB IN CALIFORNIA

San Francisco, Nov. 11.—California politicians have settled down to prepare for a vigilant surveillance of the semi-official count of the state by county clerks and the final count by the secretary of state. All future proceedings, leaders of both parties agreed, will hinge upon what develops.

## STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles. If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

In these counts.

With 18 precincts missing the count stood, Hughes 462,813, Wilson 466,099.

Chester H. Rowell, chairman of the Republican state central committee, and O. K. Cushing, chairman of the Democratic state central committee, were in accord in that both agreed that the outlying precincts still to be heard from would not make much difference one way or the other in the unofficial returns. They differed as to the official count, Mr. Cushing claiming the state and Mr. Rowell expressing doubts and claiming a split delegation in the electoral college. The Republicans expected to get three of the thirteen electors.

## NEW MEXICO'S RETURNS ARE IN

(By American Press)

Santa Fe, N. M., Nov. 11.—Returns from 571 of 638 precincts in New Mexico give Hughes 28,480, Wilson 30,790. Wilson's plurality 2,310. For senator, 555 precincts give Hubbel, Republican, 27,483; Jones, Democrat, 29,883. A revised count of returns for congressmen-at-large from 576 precincts, all thus far reported, give Hernandez, Republican, 24,631; Walton, Democrat, 13,698, doubtful.

(By American Press)

Indianapolis, Nov. 11.—Democratic leaders in Indiana plan a sweeping investigation into the Marion county (Indianapolis) vote. They charged that 3,000 more votes were cast in Marion county than there were voters registered.

## NEW HAMPSHIRE'S COUNT CLOUDY AGAIN

(By American Press)

Concord, N. H., Nov. 11.—Discovery of errors in official returns further clouded the outcome of New Hampshire's vote for presidential electors. Secretary of State Bean announced in his official statement that with 5 of 294 precincts missing, the certified count was: Hughes, 43,422; Wilson, 43,098, a Hughes lead of 324. He pointed out, however, that these figures included the Hughes vote in two precincts the clerks of which had failed to credit Wilson electors with any votes in their certificates. The 5 precincts not accounted for in the certified returns are shown by press reports to have cast an aggregate vote of 293 for Hughes and 263 for Wilson. Unofficially, the secretary of state said, these figures indicate a Wilson lead in the state of 70 votes.

## CONFIDENTLY

(By American Press)

Washington, Nov. 11.—Leaders of the Congressional Union for Women Suffrage were keenly disappointed at the result of the national election. Instead of bright prospects for early passage of the federal constitutional amendment for equal suffrage, suffrage leaders here are resigned to another hard fight before hoping for substantial progress toward national votes for women. The failure of the "four million women voters" to throw the Pacific states to Hughes has greatly charmed suffrage headquarters. This already has resulted in talk of turning almost entirely to the east in the efforts to gain the power necessary to obtain the constitutional amendment.

## THE HUGHES LEAD IN MINNESOTA DWINDLING DOWN

(By American Press)

St. Paul, Minn., Nov. 11.—With 22 precincts still out, Hughes' plurality over Wilson in Minnesota is 543. Precincts whose records show they should poll less than 400 votes, the 2,100 ballots cast by the state soldiers in Texas, and the votes of railroad and traveling men under the absent-voters' law, hold the balance in Minnesota between Wilson and Hughes. Therefore the state is still classed as

## SURE IT WAS

New York, Nov. 11.—When Charles Evans Hughes cast his ballot Tuesday he drew number 13. At the time he remarked that it was his lucky number and added that he was born on Friday. Now he apparently is defeated by the 13 votes of California, and the result was made known on Friday. The Friday-13 combination seems to have been a jinx after all.

## WOMAN IN CONGRESS

Missoula, Mont., Nov. 11.—Miss Jeanette Rankin claimed her election to congress by a small but substantial majority. If her claims are substantiated she will be the first woman to ever sit in the halls of the national congress.

## LEG CRUSHED UNDER WAGON

James Coughlin, 33, is confined to his home on John street suffering from serious injuries sustained Thursday when a heavy wagon passed over his lower limbs, crushing the left leg below the knee and fracturing the right leg below the knee.

Mr. Coughlin was hauling stone for the county and was driving a team attached to a wagon containing some two tons of stone. In going down the grade on the Circleville pike at the cemetery one of the horses stalled and he was jerked from his seat, falling under the wagon and the front wheels passed over him.

He was hurried to a local physician's office and the fractured legs dressed. It will be several months before he will be able to resume his work.

He will probably be paid from the Workmen's Compensation fund.

The injuries have caused Mr. Coughlin a great deal of suffering, regardless of all efforts made to reduce the pain to the minimum.

## WEIMER REELECTED SHERIFF OF MADISON

Charles Weimer, Sheriff of Madison county, has been re-elected to the same office and by a plurality of 645.

During the nearly two years "Charley" has been in office he has discharged the duties of office to the satisfaction of everyone, and what he has lacked in size he has made up in pure, unadulterated grit when "nerve" was necessary to take the offender into camp.

Sheriff Weimer is well known throughout northern Fayette county, and for years previous to election had lived at Sedalia.

## FIRE TESTS FOR BUILDING WALLS

By Associated Press Dispatch.

Washington, November 11.—Fire tests of all kinds of building walls and partitions, which are expected to have an important bearing on all fire-resisting building construction, have been arranged by the United States Bureau of Standards. They will be carried out with a newly installed panel furnace recently constructed at the Bureau's laboratories here which is the most complete and largest plant for such work ever built. Details of the tests, such as types and dimensions of partitions, temperature to which they are to be exposed, time of exposure to fire, the water test to which the heated partitions should be subjected and other regulations, have been worked out by a committee representing the American Institute of Architects, The American Society for Testing Materials, the National Board of Fire Underwriters, the Associated Metal Lath Manufacturers, the Gypsum Industries Association, the National Brick Manufacturers Association, the Association of American Portland Cement Manufacturers, the Fire Underwriters' Laboratories, the American Concrete Institute, the National Fire Protection, and the National Lime Manufacturers Association.

# CARRANZA FIGHT NOT OFFENSIVE

Atlantic City, N. J., Nov. 11.—Confirmation of reports of the increased strength of various reactionary movements in Mexico served to offset the apparent determination of the representatives of the Mexican-American joint commission to effect an early adjustment of the problems the two governments are facing.

Until official reports revealed the truth of stories of Villa's successes in the north and of the progress made by either reactionaries in the south, there appeared a probability that an agreement would be entered into perhaps next week.

That appears less likely today, and the chance that a formal adjournment without agreement other than one of the most general character seems more probable.

Reports received by the Americans from official sources and others received by the Mexicans from their government, dealing with the activities of Villa, were studied at the conference of the commissioners at their session here.

The net result of the comparison of the reports was to disclose that General Carranza is now conducting a defensive campaign against Villa, with a battle at Escalon imminent, instead of prosecuting a campaign against him.

From the south come reports, accepted as reliable, that Felix Diaz's forces are in possession of Rincon Antonio, a station on the Tehuantepec railway, which extends from Salina Cruz on the Pacific to Puerto Mexico on the Gulf of Mexico. Diaz was reported in the state of Chiapas. It was believed that the men in command of the Diaz forces that took Rincon Antonio are Canuto Reyes and Ysaba Robles, formerly active in the support of Villa.

The capture of Jimenez, Santa Rosalia and Parral, in the state of Chihuahua, was confirmed. General Murguia is in command of the Carranza forces now opposing Villa's southward movement, at Escalon. Under him is General Mayotte, who was forced southward from Jimenez. When the Carranza troops moved southward they tore up the railroad tracks behind them, delaying their pursuit by Villa, whose total force is variously estimated at from a few hundred to 7,000 men.

Reports reaching the commissioners indicated that Chihuahua City was in no immediate danger of falling into Villa's hands, although it is known that General Trevino, the Carranza commander, needs ammunition.

Burned by explosion. Cincinnati, Nov. 11.—Frank Ringemann, fifty-four, was fatally burned and two other men received lesser burns when a gas engine tank exploded at the Widenfeld Service company. All of Ringemann's clothing was torn from his body. The office of the company was completely wrecked.

# WAR SUPPLIES MORE THAN FIFTH OF TOTAL EXPORTS

## Shipments of War Supplies Greater Than for Corresponding Period in 1915.

By Associated Press Dispatch.  
New York, November 11. — Exports of war supplies for the nine months ending September 31, amounted to \$997,970,000, or more than 25 per cent of the country's total export trade for the period, according to figures published here today by the Journal of Commerce.

The value of explosives sent to belligerents was more than half a billion dollars and automobiles, horses and mules, metal, metal working machinery, and wire ranked next in that order.

According to a table covering war supply exports since the movement began in January 10, 1915, their value for the 21 months was \$1,617,845,900, or about 22 per cent of the country's total exports.

More war supplies were sent abroad during the first nine months of this year than throughout 1915.

Jenkins, Republican. Prosecutor Ortha Barr, who prosecuted mob leaders, was defeated by John L. Cable, Republican.

## Drowned in Lake.

Cleveland, Nov. 11.—Despondency because his wife and two children had been deported from Armenia by the Turks, led Kosrof Buchak, thirty-six, to commit suicide by drowning after two attempts to end his life with a pistol had failed, in the opinion of detectives and Vahan Buchak, brother of the dead man. Buchak's body was found in the lake.

# GERMANS BAG 3000 RUSSIANS

London, Nov. 11.—Driving against the center of the Russian line on the eastern front, German troops have gained possession of Russian positions on a front of about two and a half miles.

The attacks, which resulted also in the capture of more than 3,000 prisoners, took place in the district of Skrobowa, twelve miles northeast of Baranovitch, north of the Plesk marshes, and where only isolated fighting has occurred lately. The Russians, Berlin also says, lost twenty seven machine guns and twelve mine throwers.

The success of the Germans is admitted by the Petrograd war office, which announces that the Russians, after stubborn resistance against seven onslaughts, were finally compelled to fall back to their second line of trenches.

In Dobrudja the advance of the Russo-Romanian forces southward continues, and Petrograd records a battle with Mackensen's troops in the region of Tchernavoda, recently abandoned by the Romanians. At Tchernavoda is the bridge of the railroad

running between Constanza and Bucharest, and it is for this bridge the Russians and Romanians are fighting. Petrograd also announces the occupation of several towns between Hirsova and Tchernavoda. Berlin says there have been no important changes in Dobrudja.

On the Transylvania-Romania front Archduke Charles has assumed the offensive and pushed back the Romanians. In the Predal sector stubborn fighting continues, with both the Austro-Germans and the Romanians claiming progress. The Austrians have almost completely recovered the ground lost in the Georgy mountains Nov. 4.

Several trench elements north of the Somme near Lesboufs and Sailliet have been captured by the French. Berlin states Franco-British attacks between Guedecourt and Sailliet were repulsed.

There has been much aerial fighting on the western front. Berlin records the destruction of seventeen enemy airplanes and Paris asserts that ten German machines were brought down. London admits that seven British aircraft failed to return to their base after flights in the air. In one of the flights a squadron of thirty British airplanes and a German squadron of between thirty and forty were engaged.

# FIRST SPEECH SINCE ELECTION

(By American Press)  
Williamstown, Mass., Nov. 11.—In a speech here before several thousand persons, who came from nearby towns to congratulate him on his re-election, President Wilson said:

"I want to say that now the campaign is over, we must think of only one thing, and that is not of parties, but of the interest of the great country we all love. Let us forget all our differences and unite for common service. Only in that way can we work for the great nation that has given us liberty and peace."

The president was welcomed by the students and townspeople after the christening of Eleanor Axson Sayre, the second child of his daughter, Mrs. Francis B. Sayre, and for whom he stood as godfather.

"I came here to forget the field of politics and for a brief rest. I came simply to visit my daughter and to attend a simple ceremony here," said the president to the students. "Now that the campaign is over, we may all address ourselves to the welfare of the nation without thought of partisan feeling."

The president referred to his service as chief executive of Princeton university, saying he knew from experience there was politics even in the running of a college. "Politics," he continued, "is after all a means of getting something done, of putting forward ideas. It is a fight, but the man who does not love the fight has no red blood in his veins."

# PROHIBITION VOTE MIGHT HAVE GONE TO JUSTICE HUGHES

(By American Press)  
Indianapolis, Nov. 11.—Oliver W. Stewart, chairman of the Prohibition national campaign committee, issued a statement in which he said the Prohibition vote would reach 350,000, and that had the Republican party and its nominee said anything against the liquor traffic enough Prohibitionists would have voted the Republican ticket to have assured Mr. Hughes' election.
